

USI Core Network

Optimize your network with new Internet Exchange Options

Transport/Wave Services

- USI offers easy access to DE-CIX Chicago from all USI transport PoPs. Omaha, NE | Minneapolis, MN | Minnetonka, MN | Albert Lea, MN | Waterloo, IA | Davenport, IA | Peoria, IL
- Enhance your connectivity by adding DE-CIX Chicago to your peering plan to benefit from additional content networks not available through other regional exchanges.
- Peering at DE-CIX Chicago provides a diverse path, different switch fabrics from current IX connections, and additional PoPs for content networks which create redundancy and thus resiliency to outages.

Networks already connected at DE-CIX Chicago
